WHERE HIGHER EDUCATION IN WALES BEGAN

**THE UNIVERSITY
LOOKS FORWARD
TO CELEBRATING 200
YEARS OF HIGHER
EDUCATION IN WALES
IN 2022 AND ITS ROLE
IN SHAPING A NATION.**

The bicentenary celebrations will commemorate the establishment of St David's College, Lampeter in 1822 and mark its place as the birthplace of higher education in Wales. The University's Royal Charter of 1828 is the oldest in Wales and England after Oxford and Cambridge.

The bicentenary celebrations will provide us with the

opportunity to celebrate the successes and achievements of UWTSD and its founding institutions over the past two centuries. Our presence in Lampeter, Carmarthen, Swansea and Cardiff allow us to have a significant impact on our communities in Wales and further afield.

We take great pride in our history and our connection to it, particularly as it has provided us with the determination and confidence to shape our own future for generations to come.

2022 will provide us with the opportunity to celebrate the achievements of our staff, students and graduates through the Arts, Education, Humanities, Science and Technology.

Join us and share the celebration!

OUR ROOTS ARE IN...

WALES

...and we are branching out

UWTSD has three main campuses in south-west Wales – Carmarthen, Lampeter and Swansea – as well as campuses in London and learning centres in Cardiff and Birmingham.

Offering a truly global learning experience, we welcome international students to our UK campuses, and learning centres, and there are opportunities for students to study abroad.

We also offer programmes of study delivered through collaborative partnerships with other institutions in the UK and overseas.

STUDY WITH US

Build your future while you expand your knowledge.

Being ready to make a difference in the world means more than achieving a good degree. At UWTSU, we recognise that you will need a well-rounded education.

We offer creative courses, innovative teaching and inspiring learning locations. There are many more reasons to choose UWTSU. Here are a few...

01

INSPIRE: Prepare for a sustainable future

Your well-being and the well-being of future generations is at the heart of what we do. Considering the impact of today's actions provides you with the capacity to make better long-term sustainable decisions.

Through the Institute of Sustainable Practice, Innovation and Resource Effectiveness (INSPIRE) we aim to make a difference. Develop your sustainability knowledge through a range of events, apply for an Inspire internship and take part in our certificate programme.

02

Tell us what you need

There are many opportunities for you to have your say, get involved and make a difference for you and fellow students. Our new Student Hubs, for example, were developed in response to student feedback and bring a range of services together to provide a 'one-stop-shop' to deal with queries and issues.

03

Get up and go for it

We're here to help you realise your ideas. UWTSD is at the forefront of enterprise education. Boost your entrepreneurial skills through Pizza with a Pro, learning from inspirational speakers and alumni, or taking part in the Race to Market competition.

There's Creative Bubble, a shop and network to support student-led activities, such as pop-up shops, exhibitions, performance, fundraising, networking and meetings; Intellectual Property and Creativity Workshops; Enterprise Week events; and start-up workshops.

04

Communicate in more than one language

We have Welsh-medium courses, scholarships and bursaries and opportunities to learn the language, as well as Welsh societies and social events. Visit: uwtsd.ac.uk/coleg-cymraeg-en

05

Design your Life

Explore and plan a career and lifestyle that works for you through our four-step Life Design programme. If you're studying at our Welsh campuses, you'll be offered a Life Design session as part of your first year of study and we will be rolling this out to all sites soon.

You can also access all Life Design resources using the Life Design Hub. Visit: students.uwtsd.ac.uk/life-design

06 Study Abroad

Many of our courses offer UK students the opportunity to spend a semester abroad as part of their studies and get the best of both worlds, at home and abroad. Visit our website for more information about international opportunities for UWTSD students.

07 #FromHigherEdToHired

Employability skills are embedded into our courses to help our students prepare for life after university.

- Employers and enterprise experts visit the university.
- Students are offered internship and work experience opportunities.

Our careers service is there to help from day one and after graduation. Visit: www.uwtسد.ac.uk/careers

Visit Student Life for more information:

AN ENTREPRENEURIAL UNIVERSITY

UWTSD is widely recognised as one of the world's foremost institutions in creativity-based entrepreneurship education and has spearheaded international efforts to find new ways to equip students for the 21st century working environment.

YOUR

LEARNING EXPERIENCE

Students are at the heart of what we do. We're committed to placing our students at the centre of our mission.

We do this by...

- providing a relevant and inspiring bilingual curriculum
- offering a supportive learning environment
- investing in our campuses and facilities
- ensuring that students from all backgrounds are given the opportunity to achieve their potential.

We aim to develop reflective graduates and practitioners who can make a difference to society, enabling the UWTSD graduate to develop the right knowledge, skills and attributes to take their place wherever they may be in the future.

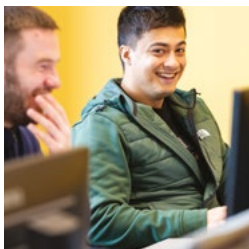

“

Many opportunities have been on offer during my time at UWTSD, most of which I've taken advantage of. They have opened my eyes to what could be possible and have allowed me to develop, as well as practise, sport therapy skills.

SWANSEA

UWTSD Swansea - at the heart of the city.

Our Swansea campuses have a reputation for innovative industry-led and career-driven programmes. Founded in 1853, the Swansea campus is spread across a number of dedicated centres – all within easy reach of the city centre. Our students study in some of the city's most beautiful historic buildings and newest, most innovative ones.

Conveniently located in the city centre, UWTSD provides easy access to shopping, entertainment, sport, culture and nightlife, plus a magnificent beach and the stunning Gower coast just a few miles up the road.

Each subject area has its own facilities with access to specialist equipment, learning resources, workshops and IT suites.

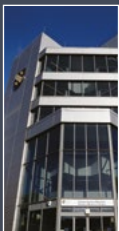

SA1 SWANSEA WATERFRONT

Our new £350m development offers an exciting new location by the sea. It provides an innovative mix of education and enterprise in the city's maritime area with its barrage and sail bridge, attractive architecture, cool cafes, restaurants and bars.

The new home of our Swansea-based Architecture, Built & Natural Environments, Computing, Engineering, Education, Counselling and Psychology courses has been developed in partnership with the Welsh Government, the City & County of Swansea and business and industry, to boost graduate employment and transform the learning environment for our students.

SWANSEA COLLEGE OF ART

Our Dynevor and Alexandra Road campus buildings are home to the **Swansea College of Art**, offering a wide variety of award-winning art and design courses. **Swansea Business Campus** offers students the chance to experience innovative, student-led approaches to learning, delivered by professionals and academics with experience in industry.

CARMARTHEN

Our Carmarthen campus is a lively, friendly environment, centred around its original 1848 building.

It boasts a range of facilities including a library, fully equipped theatre and workshops, music, media and IT suites, gym, sports hall and modern teaching spaces.

There are plenty of opportunities to enjoy sport, exercise, cultural activities and the natural surroundings.

THE GREAT OUTDOORS

Cynefin, a haven for outdoor enthusiasts, is just a 20-minute walk away. The Wales Coast Path runs through this magnificent green site that includes a mountain bike skills area, pump track, bushcraft area, campsite and Forest School. There is also direct access for the River Towy. It is home to a huge wildlife area and, with support from the Woodland Trust, nearly 1,000 trees have been planted on the site.

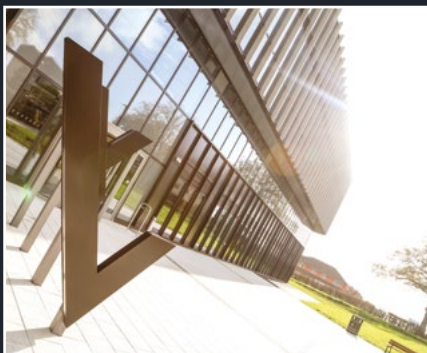

ARTS & CULTURE

Plays, musical performances, film screenings, talks and exhibitions are among the entertainment and cultural opportunities on campus.

PERHAPS YOU WOULD LIKE TO BE PART OF A LIVE STUDIO AUDIENCE?

The only Welsh language television channel in the world, S4C, has relocated its headquarters to our campus. The public service broadcaster's new home, the award-winning **Canolfan S4C Yr Egin**, is a creative industries hub for the region that brings potential for work experience and job opportunities as well as a programme of events.

LAMPETER

**CELEBRATE OUR FIRST
200 YEARS WITH US!**

Our historic Lampeter campus is home to the first Higher Education institution in Wales, founded in 1822. It now combines a distinguished academic tradition with all the modern facilities and technology necessary for 21st century learning.

Set in an idyllic rural location, our unique Lampeter campus provides a supportive student experience in a close-knit community environment.

You will find over 30 clubs and societies to join and opportunities to create your own. There's a sports hall and gym, plus tennis courts, cricket field, football and rugby pitches.

"What I love the most about Lampeter is the close-knit community that we live in and the beautiful green campus - I love sitting by the river to study in summer."

Jess Plunkett
BA Ancient Civilisations

DID YOU KNOW LAMPETER WAS THE BIRTHPLACE OF COMPETITIVE RUGBY IN WALES?

The library and the Roderic Bowen Special Collections & Archives together hold around 275,000 printed volumes. The UWTSO Special Collections and Archives house UWTSO's oldest printed books, manuscripts and archives and form a principal resource for academic research in Wales.

This beautiful green campus is just a few steps away from a variety of shops, cafes, restaurants and pubs in the vibrant market town. The Brecon Beacons, beautiful beaches and coastal towns are a short drive away.

CARDIFF

Our UWTSO Cardiff learning centres offer students specialist performing arts education in Wales' vibrant capital city.

Wales International Academy of Voice

**FIND OUT
MORE**

uwtsd.ac.uk/wiav

The Wales International Academy of Voice (WIAV) is an exciting vocal performance education centre, proud of its mixture of international, academic and industry-based staff and coaches. Internationally renowned tenor Dennis O'Neill and the University of Wales Trinity Saint David join forces to provide students with world-leading tuition and coaching.

WIAV provides a highly specialised and unique environment for a small number of exceptional singers and accompanists in the early stages of their professional careers.

In 2015 **Canolfan Berfformio Cymru** (CBC) was established, offering performance study through the medium of Welsh. CBC now also offers English-medium programmes.

These innovative and challenging degrees offer industry-standard training alongside relevant experiences to prepare students for a career in the arts.

LONDON

London offers unique opportunities for study, work, leisure and travel. Studying here gives you the chance to explore and experience education in one of the world's most vibrant and dynamic cities.

The University's London campus, or 'UWTS London', opened in March 2012. Students are taught by a team of experienced staff in a professional environment. Our aim is to enable students to achieve their career aspirations and personal goals in a vibrant,

inclusive learning location. The welcoming and supportive atmosphere ensures that, whatever their background, our students are engaged and feel connected.

UWTSD Birmingham, our learning centres located on Stratford Road in the vibrant Sparkhill neighbourhood, and in Birmingham City Centre provide opportunities for people of all backgrounds to study a higher education programme in their community.

Since opening, Sparkhill in March 2018 and the Quay Place Centre in 2020, our UWTSD Birmingham centres have developed into thriving learning spaces where students are able to learn new skills for the workplace, develop their existing skills, build confidence and meet others with similar goals.

They are both friendly and lively environments where we aim to assist our students in developing their potential to the full.

ACCOMMODATION

If you are planning to live away from home whilst at University, accommodation is probably top of your list of concerns. All three of our main campuses have on-site 'halls' or student accommodation, with many of these rooms prioritised for first-year students.

- We have a range of different types of accommodation, all offering a safe and secure but independent 'home away from home' while you study.
- Living in residential halls puts you at the heart of student life, and students in our accommodation benefit from a wide variety of on-campus services.
- There are also plenty of options to find private rented accommodation if you prefer, either in privately-run student halls or in private rented accommodation.

”

Well-being & SUPPORT

We want our students to have the best university experience, so UWTSD is focused on helping you reach your full potential with high-quality information, advice and guidance, plus practical and emotional support.

Our new Student Hubs (Hwb) bring a range of services together to provide a 'one-stop-shop' to deal with queries and issues.

The Student Hubs will be the place where you can access all the information and support you'll need to get the most out of your time at UWTSD, providing a comprehensive information service to students on all student-related matters.

Our digital dashboard, **UWTSD Hwb**, is easy to navigate, and comes with helpful guides so that you can access all the information you need for your studies and university life.

Your well-being and that of future generations is important to us. We are embedding future well-being throughout the learning, teaching, courses, campus, community and culture of UWTSD. This supports our commitment to ensure that future graduates are globally aware and responsible citizens in the 21st century. Whatever advice, information or support you require, our staff will do their best to help.

BOOKS & BEYOND!

WE LOVE BOOKS. We are a university. You will have access to books, on campus and off - but The Library and Learning Resources (LLR) service is much more than this.

The LLR supports and enhances the learning, teaching and research activities of staff and students across the University.

Our libraries in Carmarthen, Lampeter, London and Swansea provide access to a variety of welcoming and flexible learning spaces. The LLR provides access to thousands of online journals and ebooks, in addition to specialist digital and information, literacy support, research support and special collections and archives.

ONLINE LIBRARY

The LLR offers an extensive collection of online e-journals and e-books which can be accessed around the clock, 365 days a year, from anywhere in the world.

SKILLS DEVELOPMENT

New students receive a Basic Skills and a Referencing session during the first term, followed by more in-depth sessions throughout their studies. Academic Liaison Librarians also provide a wider InfoSkills programme. Support can be provided face-to-face or remotely, by email, over the phone or via Skype.

SPECIAL COLLECTIONS AND ARCHIVES

The LLR is home to the Special Collections and Archives of UWTSU, including the University's oldest printed books, manuscripts and archives. The Special Collections include over 35,000 printed works, eight medieval manuscripts, around 100 post medieval manuscripts, and 69 incunables.

LEARNING SPACES

The libraries on all our main sites provide modern and flexible spaces, reflecting the way students work, as well as IT facilities, wireless internet, photocopying and printing facilities and excellent customer service. While each library caters primarily for the requirements of the school or Institute based there, students are welcome to use them all.

SPEAKING YOUR

language

WHY NOT TRY OUT SOME OF THESE EASY WELSH GREETINGS TO GET YOU STARTED?

The University of Wales Trinity Saint David is located in an area which is naturally bilingual, where the English and Welsh languages live comfortably side by side.

The majority of our programmes are delivered in English but we also offer numerous courses through the medium of Welsh and bilingually.

There are plenty of opportunities for you to improve your Welsh or to learn the language if you wish. The University is proud of its language centre, which provides a range of services related to the Welsh language. *Rhagoriaith* facilitates and offers language training both commercially and internally to staff and students, so there's always help at hand!

Good morning - **Bore da**
**Boh-reh dah*

How are you? - **Shw'mae?**
**Shoo my*

Good bye - **Hwyl fawr**
**Hoo-il vowr*

UWTSD Students' Union

- Independent from the University
- Works for you, the students
- You're automatically a member when you enrol

✉ uwtsdunion@uwtsd.ac.uk

   [UWTSDUnion](#)

UWTSD Students' Union is a charity run by student-elected representatives who work to make sure you have the best possible experience at UWTSD.

Our student-led activities are the hub of student life, encompassing entertainment, sports clubs, societies and volunteering projects. We give you a space to make friends.

Socially, physically, mentally or academically, we all need a bit of support or independent advice sometimes. The SU makes sure support is available and accessible.

Together we help you change things which affect you. We tackle rules and policies where they aren't working. We make sure funding goes where you want and need it.

We support students to be course representatives and make improvements. Once a year, students elect officers to work full-time at UWTSD Students' Union.

These officers lead the long-term direction of the SU, making sure we're tackling the biggest issues for our students – funding, cost of living, teaching quality and so on – across several years. You can have your say by electing your representatives and contributing to TSDSU's student council.

ALSO IN ENGLAND,
THE USA, CANADA
AND ARGENTINA.**

helo!

shw'mae!

...did you know...

“

I fell in love with the scenery and the size of the place almost instantly. I'm not a fan of big crowds so the size of the campus was perfect for me. My time here has been amazing and I've learnt so much. I've had so many opportunities as part of my course, from being able to look at medieval manuscripts in our archives within the first couple of weeks of starting my degree, to really specialised archaeology modules and fieldwork. My modules would not be as brilliant as they are without the excellent academic staff who will always help you if you are stuck. They have an open door policy, which means if the office door is open, you can go and see them with whatever issues you may have, whether it be academic or personal. I've thoroughly enjoyed my time at Lampeter, so much so that I am likely to continue studying here as a postgraduate.

Matt Cowley

BA Archaeology and Medieval Studies

”

MONEY MATTERS

At university you can choose to learn a subject you love, earn a qualification that will lead you to your chosen career, broaden your outlook and open doors to many jobs that require applicants to have a degree. It's an investment in your future.

HOW MUCH WILL MY COURSE COST?

The fees at UWTSd for full-time UK/EU students are currently £9,000 per year for our undergraduate courses.

SO HOW MUCH DOES IT COST?

You will have two main types of expenses

- **fees and living costs.**

There is help available from the government to support you with both. The amount you receive will depend on your family income and where you study. For example, since September 2018 all eligible students residing in Wales starting a university course have received support for living costs, made up of a mixture of grants and loans. Most receive support equivalent to the National Living Wage. For students with a relatively low household income, most of the available support for living costs will be a grant. Most students pay nothing up front and won't have to pay the money back until they earn over £25,725 a year as a graduate.

Find details relevant to where you live through the links on our website.

Find out more: www.uwtsd.ac.uk/student-finance

SCHOLARSHIPS & BURSARIES

If you could benefit from studying at UWTSO, we want you to get the chance to join us, so we offer a wide range of scholarships and bursaries designed to help with additional course costs and living costs.

There are a variety of awards available. Some awards are course-specific, while others are designed to support additional skills development and employability. There are also awards designed to help specific groups, such as student parents and care leavers, to access education.

If you are interested in studying with us at UWTSO, visit our website so you don't miss out. Remember, you can contact us with any queries.

COLEG CYMRAEG CENEDLAETHOL SCHOLARSHIPS

The Main Scholarship, worth £1,000 a year, or £3,000 over three years, is for students who intend to study at least 66% (or 80 credits per annum) of their degree course through the medium of Welsh.

The Incentive Scholarship, worth £500 a year, or £1,500 over three years, is for students who intend to study at least 33% (or 40 credits per year) of the subject of the scholarship through the medium of Welsh.

FINDING THE RIGHT COURSE

WHAT CAN YOU DO TO FIND THE RIGHT COURSE FOR YOU?

- **Think about what you want to do.** What is your passion? What do you study that brings you joy? If you don't like a subject, why would you choose it?
- **Research is vital.** Find out exactly what the course involves.
- Do you have a **career** in mind? How will your course help you get there? Find out more about what the University offers beyond the course that supports your goals.
- **How long is the course?** Do you need it to work around a job, family or other commitments?
- **Exams.** Some courses don't have them. What kind of assessment would be best for you?
- **Study abroad** options give you the chance to get the best of both worlds. Would you like to have a semester overseas?
- **Placements** can be an important part of a course. Do you want to get a taste of working in your chosen field?
- How large are the **class sizes**? Consider the level of attention and support you want or need.
- What **qualifications** are required? Maybe your experience can get you on your chosen course.
- What **transferable skills** will you develop? Will your course prepare you to learn more?

University is your time to explore, learn more and develop your knowledge and skills. What do you want to get out of your study experience? Visiting the university at an open day, or other opportunity to meet staff and other students, can help you make your decision.

USING THIS GUIDE

STARTING POINTS AND CHOICES

Let us know what you have done so we can tell you what you could do. If you see a course that appeals to you and think you don't yet have the qualifications, or previous experience, to get a place, don't give up; get in touch.

There are courses that can get you started in higher education. Many subjects offer a CertHE, HNC, HND or Foundation year. We want to help you find the course that puts you on the road to success.

Fulfil your potential with us. Find out more about all our programmes, including postgraduate and PGCE, by visiting our website: www.uwtsd.ac.uk/courses

CLUSTERS AND LIST

We want to make it easy to find the right undergraduate course for you. Maybe you have an idea of the area of study you are interested in but not the exact course. Perhaps you just need a list to find the title.

We have both clusters, with groups of courses, and an alphabetical list of undergraduate courses. Browse or search at your leisure.

- Clusters start on page **54**
- List starts on page **68**

DEGREE AND HIGHER APPRENTICESHIPS

These new types of award offer a pathway to recognised qualifications and professional competence, combined with practical on-the-job experience. Apprenticeships offer the opportunity to earn while you learn.

To follow an apprenticeship programme, you will need to be in employment. We may be able to tell you about employers who wish to recruit but we would also advise applying to other employers in your chosen area.

“

I'm very proud to have studied at UWTSD Cardiff – it gave me the opportunity to grow and develop as a performer and to find my own voice. I'd always sung and I'd had experience of singing before but it gave me the confidence and it taught me so much about myself. It taught me how to channel my nerves. I don't think I would ever have gone for the X Factor, if it hadn't been for all the hard work and effort that the lecturers put into this course.

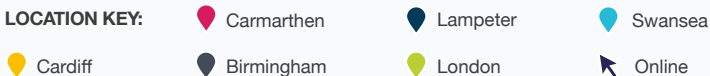

Lloyd Macey

BA Musical Theatre

”

A-Z OF COURSES

LOCATION KEY:

^F Available with integrated foundation year.

+ Joint honours options available.

^P Available with additional placement year or year in industry.

[^] Intergrated Master's degree options available.

^o Relevant CertHE, DipHE, Foundation, HND and/or HNC levels of qualifications available to study.

[★] Optional intake dates, locations and study options available.

📍 Available to study fully or partly through the medium of Welsh.

^m Available on main campuses in Wales (Carmarthen, Lampeter, Swansea) and online.

“

Live it, breathe it and engineer it!
I love engineering – I have always been passionate about cars, taking them apart to see how they work. I am from Spain but picked UWTSD because I did my research and it was the best University in the UK for Automotive Engineering.

Eduardo Aguilar
Automotive Engineering

”

HOW TO APPLY

UCAS INSTITUTION CODE: T80 UNIVERSITY OF WALES TRINITY SAINT DAVID

FULL-TIME, UNDERGRADUATE STUDENTS

All applications to study for a full-time undergraduate degree programme or Higher National Diploma at the University are made online through UCAS using **Apply**.

Depending on your circumstances, there are some slight differences to the way UCAS receives your application.

INDEPENDENT APPLICANTS IN THE UK

Other UK applicants, who are not at school or college, apply online independently.

STUDENTS AT A SCHOOL OR COLLEGE REGISTERED WITH UCAS

All UK schools and colleges (and a small number of establishments overseas) are registered with UCAS to manage their students' applications.

INTERNATIONAL APPLICANTS OUTSIDE THE UK (EU AND WORLDWIDE)

Individuals from the EU (excluding the UK) and worldwide apply online independently to the University, except for those whose school or college is registered with UCAS.

For all applicants, there are full instructions at UCAS to make it as easy as possible for you to fill in your online application.

If you require further information and advice, you can contact the **UCAS Customer Service Unit on +44 (0)871 468 0468**, open Monday to Friday, 08.30 - 18.00 (UK time).

WHEN TO APPLY

UCAS will begin to process applications for the new academic year from early September.

Most of our full-time undergraduate programmes have a **UCAS application deadline of 15 January**. However, you should check the application deadline for your chosen course on the UCAS website.

Submit your application to UCAS prior to the deadline for your best chance of getting the place you really want. You can apply after that date, if we still have vacancies for the course you have selected.

PART-TIME, UNDERGRADUATE STUDENTS

We offer flexible learning patterns to suit learners from all backgrounds and for those balancing other commitments.

Our online application form will enable you to complete your application electronically. You can ask the university's Registry department for an application pack, if you prefer.

**FIND OUT
MORE**

uwtsd.ac.uk/apply

ENTRY REQUIREMENTS

Below are some typical minimum requirements for applicants; however, for specific entry requirements for each course, please visit our website www.uwtsd.ac.uk or the UCAS website.

HONOURS DEGREE PROGRAMMES

Typically, a minimum of two A-Levels and/or other Level 3 qualifications or equivalent. There may be some specific course requirements to be taken into account.

HIGHER NATIONAL DIPLOMAS

Typically a minimum of one A-Level and supporting and/or other Level 3 qualifications or equivalent.

WHAT IS THE UCAS TARIFF?

It is a points score system to report achievement for entry to higher education.

It gives numerical values to qualifications. It establishes agreed equivalences between different types of qualifications. It provides comparisons between applicants with different types of achievement.

HOW DOES THE POINT SCORE SYSTEM WORK?

Point scores can be accumulated from different qualifications, e.g. GCE A-Level/Advanced Subsidiary (AS). There is no ceiling to the number of points which can be achieved, thereby recognising the full breadth and depth of students' achievements.

There is no double counting – students cannot count the same or similar qualifications twice. Advanced Subsidiary scores will be subsumed into the A-Level scores in the same subject. Scottish Higher scores will be subsumed into Advanced Higher scores in the same subject.

ENGLISH LANGUAGE REQUIREMENTS

If you are an international student, or an EU student whose first language is not English, you will be required to have sufficient command of the English language to enable you to follow your course.

For further information regarding the English language requirements for your course, please go to the relevant course page in the UWTSO website:

www.uwtsd.ac.uk/international/applications-and-admissions/english-language-entry-requirements/

VISA PROCEDURES FOR INTERNATIONAL STUDENTS

Students who come from outside of the European Union/EEA will be required to have a valid visa before they can study in the UK.

Although there are many types of visa, if you are applying for a visa to study for six months or more, you are likely to be required to apply for a Student Route student visa. Once you have received an offer from the University and met all of the conditions, we will be able to offer you guidance and advice regarding your visa application. If you hold another current UK visa you may be able to study at UWTSO.

For more details regarding the Student Visa Route visa application process, please visit: www.ukcisa.org.uk/Information-Advice/Visas-and-Immigration/Student-route-eligibility-and-requirements

If you have any questions regarding English Language Requirements please e-mail: international.registry@uwtsd.ac.uk

RETURNING TO STUDY?

Non-standard qualifications?

We welcome applications from adult learners who may not possess formal qualifications but have the motivation and commitment to study for Higher Education qualifications.

We are keen to encourage students who are returning to study on to our programmes and are able to consider applications based on individual merit. If you are able to demonstrate appropriate experience, knowledge or evidence of recent study, we may be able to consider these in lieu of formal academic qualifications. We will invite you to an interview to discuss an appropriate course and preparation for studying towards a qualification. Help and advice on choosing the right course, and the application process, is available from experienced staff.

For more information visit:
uwtsd.ac.uk/student-services

TERMS AND CONDITIONS OF AN OFFER OF A PLACE

A place on a programme of study is subject to the applicant successfully completing the admissions and enrolment process.

An offer of a place is subject to the terms and conditions specified in the offer letter, the information on the University's website, in its prospectus and in the 'Student Charter.'

It is also subject to the regulations, policies and procedures of the University, including those contained in the Academic Quality Handbook, the document 'University Regulations - Student Guide', the appropriate Programme of Study Handbook and the University's Admissions Policy (available at www.uwtsd.ac.uk).

When an applicant accepts an offer of a place at the University of Wales Trinity Saint David, a binding contract is formed.

QUALIFICATIONS CONSIDERED

We consider a variety of qualifications, including A-Level, Advanced Welsh Baccalaureate, Scottish Advanced Higher, Scottish Higher and BTEC Level 3 National Diploma.

ACCESS COURSES

An increasing number of students now apply after completing Access courses, and we warmly welcome such applicants.

KEY SKILLS

The University welcomes applications from students studying Key Skills qualifications, but offers will not usually include more than 6 UCAS tariff points for Level 3 Key skills.

INTERNATIONAL QUALIFICATIONS

We recognise a wide range of international qualifications, including the International, French and European Baccalaureates. If you are applying from outside the UK, typically a minimum of the equivalent of two A-Level passes for an honours degree programme and the equivalent of one UK A-Level pass for an

THE OFFER PROCESS

HND programme will meet the University entry requirements. The University will also accept students who have completed a recognised International Foundation Programme, for example, those offered by UK Further Education Colleges, Universities, and Colleges of Higher Education.

RECOGNITION OF PRIOR LEARNING

The University is pleased to consider applications from individuals with relevant certificated qualifications or evidence of experiential learning that may allow them to enter a programme at an advanced level. Applicants will be asked to complete a Recognition of Prior Learning form at the application stage.

More information is available at: www.uwtsd.ac.uk

We provide a clear and flexible applications process which lays out the key dates and deadlines and offers opportunities to visit our campuses, meet tutors and gain experience of what it's like to study here.

If you would like to discuss making an application or have any questions about the process, visit:

www.uwtsd.ac.uk/apply/help-and-guidance-for-applicants/contact

All applications to study for a full-time undergraduate degree, Dip HE, Cert HE or HND at UWTSD are made through UCAS (unless otherwise indicated) using Apply - an online application system available at:

www.ucas.com/apply

PGCE & POSTGRADUATE

BE THE DIFFERENCE, TEACH!

Our comprehensive suite of initial teacher education programmes are delivered in partnership with colleagues in schools across Wales.

We are proud of our long and successful history of teacher training and look forward to playing our part in developing the next generation of professional teachers and effective school leaders.

The number of places available for PGCE Initial Teacher Education programmes are allocated to the University each year by the Welsh Government. This means that the number of places available can vary and competition can be high. You are strongly advised to apply early to secure the best opportunity for a place.

Find out more at:
www.uwtsd.ac.uk/teacher-education/

POSTGRADUATE STUDY AT UWTSd

Whether you have recently completed an undergraduate degree, are pursuing a life-long interest, or are seeking a career change or promotion, you can choose from our range of postgraduate qualifications, many of which offer a choice of part-time, full-time or online/distance learning. There are two ways you can gain your postgraduate degree: by research or through a taught postgraduate programme (PGT).

We offer a wide range of postgraduate study opportunities, covering Humanities, Business, Education, Engineering, the Arts and Social Sciences.

Find out more at:
www.uwtsd.ac.uk/postgraduate/

The Postgraduate Master's Loan funding is now available for UK students. For up-to-date advice, visit:

“

Using the CISCO hardware is unique to this University, enabling us to gain skills required for industry, for example, solving the problems that occur while using the actual hardware that you wouldn't experience if you were just using CISCO Packet Tracer (simulation). I would recommend the course because the staff are friendly and supportive and the skills learned are current now and into the future.

Please read carefully –
important legal information

The contents of this prospectus relate to the 2021 admissions cycle and are correct at the time of going to press in January 2020.

However, there is a lengthy period of time between printing this prospectus and applications being made to and processed by us, so please check our website - **www.uwtsd.ac.uk** - before making an application, in case there are any changes to the course you are interested in or to other facilities and services described here.

Where there is a difference between the contents of this prospectus and our website, the contents of the website take precedence and represent the basis on which we intend to deliver our services to you.

Any offer of a place to study at UWTSd is subject to the University's terms and conditions, which can be found on our website:

www.uwtsd.ac.uk/apply/terms

The terms and conditions set out, for example, when we might make changes to your chosen course or to student regulations. It is therefore important you read them, and understand them, prior to making an application to study at UWTSd.
