

BARRY JOHN MBE

THE **VC** GALLERY

THE **VC** GALLERY

The logo consists of the words "THE", "VC", and "GALLERY" in a sans-serif font. "THE" and "GALLERY" are in a thin, black outline font. "VC" is in a very bold, solid black font. A white diagonal line runs from the top of the 'V' down to the bottom of the 'C'. At the bottom of the 'VC' monogram, there are four horizontal stripes: two blue and two yellow. The entire text is framed by two horizontal black lines, one above and one below. A faint, light gray diagonal line is visible in the background on the left side.

## Ageless Art Roadshow

After the great success of the first Ageless Art Project The VC Gallery decided to run a second project. Working with some of the groups we had worked with on the first project but also enlarging the catchment area to include several new venues across the county.

Hubs included:-

- Milford Haven
- Pembroke Dock
- Fishguard
- Haverfordwest
- Crymch.

The project was active for 6 months and in that time engaged with over 100 senior members of our community suffering from social exclusion.

The Project was very well received and many of the participants have gone on to make Art one of their past times

# THE VC GALLERY

CREATIVE PATHWAYS

- Creative Pathways**
- Part of the Leader Project funded by Planed
  - The Project consists of 78 workshops across Pembrokeshire. Using art as a Conduit to give participants the tools to organise their own Sustainable art groups.
  - Hubs Include:-Haverfordwest, Fishguard, Crymch, Milford Haven, Pembroke Dock, Haverland and Tenby.
  - Although mainly aimed at senior Citizens groups this is a Multi-Generational project.
  - The Project is ongoing until July 2017.

# THE VC GALLERY

## HAVER-COLOURFUL-WEST

- The VC Gallery worked in partnership with Dyfed Powys police, Drugaid, Pembrokeshire youth services and the Haverfordwest Stakepark association.
- The engagement took place over 6 weeks after school on a Wednesday.
- The engagement centred around Haverfordwest and presenting the town in a more positive light using art and media as a conduit.
- As well as an engagement the project also provided creative skills to the young people of Haverfordwest and aimed to increase civic pride.
- Advice was also delivered by Drugaid to limit the risks of substance abuse in young people

# THE VC GALLERY

## RODIN

Rodin was a French sculptor and artist who died in 1917. He is famous for his cast bronze sculptures which have gained renown the world over.

During his career Rodin worked with many other artists one of whom was Gwen John who left Haverfordwest to become his mistress in Dieppe France.

The project focused around figurative work both on canvas and paper and in all mediums. Also Life drawing skills were taught in the gallery.

Members of the entire community were asked to contribute to a 15ft long piece featuring sketches graphite, charcoal and ink.

# THE VC GALLERY

## SCHOOLS, COLLEGES AND UNIVERSITIES

As well as providing art engagement for Community groups the VC Gallery has also worked with several local schools. Providing field art trips but also working closely with the Darwin Experience.

The VC Gallery also works closely with the Army Preparation course at Pembrokeshire College and have lead several field trips around Pembrokeshire with the course.

The VC Gallery has also worked with the University of South Wales to provide a field placement for their students on the therapeutic arts degree course and hosted 20 of their students for 3 days last spring and gave many of the students their first taste of working with the community.

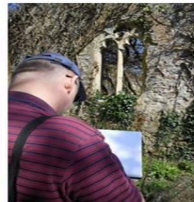

# THE VC GALLERY

## PEMBROKESHIRE REDISCOVERED

The VC Gallery's Pembrokeshire Rediscovered project was by far one of our most popular with gallery members and the wider community. The aims of this project was to acquaint people with forgotten areas of our county sites included:-

- Boulston Church
- Boulston Medieval Manor
- The Hanging Stone Sardis
- Monks Haven
- The Sintern house
- Garn Fawr.

As well as representations of modern Pembrokeshire a lot of images were produced from contemporary photographs of Pembrokeshire in years gone by

The final exhibition for the project was very popular with the venue reaching capacity numbers.

# THE VC GALLERY

## UNDER THE BRIDGE

**Under The Bridge 2**

The VC Gallery worked in partnership with The Port of Milford Haven, Arts Care Gofal Celf and the Torch theatre on a 6 week engagement with young people in Milford Haven.

- The Project aimed to combat Anti-social behaviour which was taking place around Milford Haven Docks.
- Engagements took place on a Friday evening throughout the summer holidays culminating in a final exhibition .
- Over 30 children attended each workshop which centred around gritty urban art. As well as music, Parkour and Break Dancing
- The Art work was put on public Exhibition in the Torch Theatre.
- Over 150 pieces of art were on display at the final exhibition!!!
